"It's always safe to say Supreme"

Morris & Company

SUMMER BAD TIME TO WEAN THE BABY

Food Formula Should Be Followed Says Medicine Expert.

No baby should be weaned without the advice of the family physician, if this can be had. It is better not to wean a baby in the middle of the summer. If possible, babies should be nursed wholly during the summer months, but at any rate in part. Weaning should take two or three weeks. The change should not be made suddenly. Begin by giving a bottle feeding every third or fourth day and increase until the feedings are from the bottle. This will avoid trouble with the breasts, and the baby will become accustomed to the change of food without injury. It is best to start weaning through the tenth month, and except for special reasons no child should be nursed longer than one year.

The food formula for a weaning child, especially if it has had no bottle feeding previously, should be the one used for a somewhat younger child, according to Dr. M. P. Ravenel of the department of Preventative Medicine at the University of Missouri at Columbia. For example: Cream, 9 ounces; skimmed milk, 27 ounces; boiled water, 12 ounces and milk sugar, 4½ level tablespoonfuls.

If the child had had some bottle feeding previously, whole milk may be substituted, and a formula of something like the following used: Whole milk 36 ounces; boiled water, 12 ounces; and sugar of milk, 4½ tablespoonfuls.

The strength of this mixture may be gradually increased by substituting whole milk for the boiled water at the rate of two ounces each month, until the child is about thirteen months old, when the water may be omitted from the formula at the rate of one ounce per week. The milk sugar may also be omitted from the formula by degrees at the rate of a tablespoonful a month. One of the best indications that the food is not suitable is the failure on the part of the baby to gain weight.

Lime water is also used in milk formulae. It may generally be added to advantage when the baby shows tendency to spit up the food, or if its movements are too frequent and green in color. It is usually added in the proportion of one-fifth of the cream and skimmed milk. The lime water should replace an equal amount of boiled water, the milk remaining the same.

THE BEST PROOF

Lexington Citizens Cannot Doubt It. Doan's Kidney Pills were used. They brought benefit. The story was told to Lexington residents.

Time has strengthened the evidence.

Has proven the result lasting. The testimony is from this locality.

The proof convincing. Mrs. L. E. Hartman, Shelby St., Higginsville, Mo., says: "I had dreadful pains in my back, which I thought were rheumatic. My feet often swelled and I gradually grew worse. Three boxes of Doan's Kidney Pills removed these ailments and made me feel like a different woman."

OVER SIX YEARS LATER, Mrs. Hartman said: "The benefit Doan's Kidney Pills brought me has been permanent."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hartman has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

For A Cheerful Home

There is need for Chienamel in your home, maybe it's the floor that is discolored or worn; perhaps the walls or wood work are marred or dull, or the furniture that is scratched and has lost its lustre. You can make them look like new—quickly, easily, economically.

The CHI-NAMEL way

Chienamel products are made for home use, they are ready to apply, they beautify and freshen like magic everything that they touch.

Try Chienamel in your Spring House Cleaning. We will show you about it.

'BIG BUSINESS' IN SMALL TOWN FIRMS

Advertising Expert Says Small Stores Can Compete With Mail Order House.

"The small town merchant too often is of the opinion that it is impossible for him to compete with the mail order house in the big city," says J. B. Powell, instructor in advertising at the University of Missouri at Columbia. This idea is wrong, according to Mr. Powell, who says that if "big business" methods are adopted by small concerns the annual profits will be as large proportionately as those of large mail order houses which send out beautifully decorated catalogs.

Strict adherence to an accurate system of bookkeeping, competent clerks, store service and judicious advertising are some of the methods of "big business." Mr. Powell urges. About 5 per cent of the year's gross sales should be expended each year for advertising by the average business man. For the small town merchant the home newspaper is the best advertising medium. Care in the writing of advertisements should be one of the most important parts of the "big business" system, according to Mr. Powell.

Mrs. D. C. Morris and daughter, Miss Theodocia, left Monday morning for Lincoln, Nebr., to attend the commencement exercises of the University of Nebraska. Mrs. Morris' son, Irwin, graduates this week from the Law Department of the University.
